

# GOAL NEHEMIAH ACTION

## What?

Join together with over 1,000 people from 20+ faith congregations to ask our public officials to take tangible steps towards building more affordable housing and improving mental health in Greenville.

## Where?

First Baptist Greenville: 847 Cleveland Street, Greenville, SC 29601

## When?

March 28th, 6:30-8:30pm, doors open at 6pm

*No registration is necessary*

## Why?

Over 30,000 households in Greenville are one paycheck away from homelessness because of the cost of housing. There is a shortage of over 11,000 units for people making \$27,000 or less. To solve this housing crisis we need **dedicated long-term funding** from both the City and County.

Last year, over 120 people a day called 988 in SC because of mental health crises, and over half of those calls were not answered in SC due to a lack of funding.

## Who?

GOAL is a coalition of 20 faith congregations that have come together to create systemic change through unified direct action. At the Nehemiah Action, over 1,000 people from GOAL's congregations will be there to ask the public officials in the city and county that are present to commit to tangible concrete steps to solve these problems.
